## 2018-50 – ERP RFP Addendum #4 – December 22, 2017

We received the following questions regarding this RFP:

Question #1: Can the project be executed by a mix of onsite and offsite/offshore resources all managed and owned by the prime contractor?

Answer #1: Yes, but be cognizant of the other requirements, especially those regarding references for an existing system.

Question #2: What is meant by 'System must be developed in open source code.' – do you need to modify the source code ? or are you meaning that you need a mechanism to extend the out of the box product with your custom needs. You can do the latter without touching the former.

Answer #2: We mean the latter and state the former out of concern to maintain the ability to use API's for future activity and integration. We don't want custom code for every basic integration we consider later.

**NO ADDITIONAL QUESTIONS WILL BE ACCEPTED OR ANSWERED AS THERE WILL NOT BE ENOUGH TIME TO PROVIDE QUALIFIED ANSWERS.**

**THIS BID RESPONSE IS DUE ON OR BEFORE WEDNESDAY, JANUARY 10, 2018 AT 11:00 A.M.**
