**FROM:** Greg Johnson, Will County GIS Division

**DATE:** Tuesday, September 28, 2021

**RE:** Bid# 2021-72 LiDAR Byproducts

---

The GIS Division of the ICT Department has reviewed all prequalified bids received. We identified four bids were qualified based upon project costs. We discussed our review of the proposals with our director to finalize our decision.

Due to a significant cost difference, we contacted the lowest bidder for a scope review to confirm they could complete all LiDAR byproducts at their quoted costs based upon our scope of services. The bidder gave us a confirmation to develop all LiDAR byproducts at their quoted costs. This morning, the GIS Division met with our director to make a final decision based upon the scope review and the bid responses. The GIS Division recommends awarding Bid#2021-72, Lidar Byproducts, to Kucera International in the amount of \$75,900.
