

Stormwater Management Committee Awards Grants for 2009 Projects

The Will County Stormwater Management Planning Committee awarded a 2009 Project Grant to a recipient. One project was selected county wide which will provide both flood mitigation and water quality benefit.

“The Stormwater Committee is grateful that the County Board continues is willing to fund this project program” said Scott Killinger, who chairs the Committee. “The project funded this year will benefit the citizens of Will County by improving water quality in our streams, and by mitigating flooding in neighborhoods.”

This is the first year of the program. The Stormwater Project Program will award grant funds of up to 50% for projects that include flood mitigation and water quality improvement. Will County received one application this year from a local sponsor. The selected project is:

- Fiddymet Creek Maintenance Project, Lockport Twp
